

The economical bit

ADVANTAGES

- The bit made from special steel with a high hardness grade (s2 mod.) guarantees the greatest service life and offers maximum cost-effectiveness.
- The high dimensional accuracy allows for an ideal fit. Thus clean results and a long life span are achieved.
- The profile shape ensures ideal transfer of force and prevents damages to the screw heads, even in the case of high torques.
- Also available as a convenient and user-friendly bit set with 13 and 31 parts, including a bit holder

APPLICATIONS

Number of internal drives in various profile sizes, such as:

- PH, PZ cross-slot
- TX star recess
- Suitable for " drives

FUNCTIONING

- The fischer Standard-Bits for a wide range of screw-drives convinces due to high quality and assortment depth.
